Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

THE
JOURNAL OF INFECTIOUS DISEASES

The Journal of Infectious Diseases

Published by the Memorial Institute for Infectious Diseases

EDITED BY

LUDVIG HEKTOEN AND EDWIN O. JORDAN

IN CONJUNCTION WITH

FRANK BILLINGS F. G. NOVY

W. T. SEDGWICK H. GIDEON WELLS

Volume 12

1913

Chicago, 1913

Composed and Printed By
The University of Chicago Press
Chicago, Illinois, U.S.A.

TABLE OF CONTENTS.

NO. 1, JANUARY, 1913.

On the Occurrence of an Isolated Antibody in the Cerebrospinal Fluid
Ludvig Hektoen - - - - - - - - - - - 1–6

The Laboratory Diagnosis of Glanders
E. Marion Wade - - - - - - - - - - - 7–14

Two Lincoln (Nebraska) Typhoid Fever Epidemics of 1911 and 1912
Herbert H. Waite - - - - - - - - - - - 15–38

Studies on the Virus of Hog Cholera. Preliminary Report
Walter E. King and F. W. Baeslack - - - - - - - 39–41

A Bacillus from Spontaneous Abscesses in Rabbits and Its Relation to the Influenza Bacillus
David J. Davis - - - - - - - - - - - 42–51

General Gonococcus Infection in a Male Child without Evidence of Urethritis
Matthias Nicoll, Jr., and M. A. Wilson - - - - - - 52–54

On the Cultivation of the Treponema Pallidum (Spirochaeta Pallida)
F. W. Baeslack - - - - - - - - - - - 55–67

Preliminary Report of Experiments in the Vital Staining of Tubercles. Studies on the Biochemistry and Chemotherapy of Tuberculosis. IV
Lydia M. DeWitt - - - - - - - - - - - 68–92

Studies on the Gonococcus. I
Carl C. Warden - - - - - - - - - - - 93–105

Fixed Hog Cholera Virus
John Reichel - - - - - - - - - - - 106–110

On the Origin and Action of Hemolytic Complement
George F. Dick - - - - - - - - - - - 111–126

NO. 2, MARCH, 1913.

The Relation of Calcium to Anaphylaxis
Joseph H. Kastle, Daniel J. Healy, and G. Davis Buckner - - 127–132

Isoagglutination in Man and Lower Animals
Morris Fishbein - - - - - - - - - - - 133–139

Interagglutination Experiments with Various Strains of Sporothrix
David J. Davis - - - - - - - - - - - 140–143

A Statistical Study of the Streptococci from Milk and from the Human Throat
E. C. Stowell, C. M. Hilliard, and M. J. Schlesinger - - - 144–164

A Motile Curved Anaerobic Bacillus in Uterine Discharges
Arthur H. Curtis - - - - - - - - - - 165–169

The Conjunctival Reaction for Glanders. (Ophthalmic Test)
K. F. Meyer - - - - - - - - - - - 170–190

Fusiform Bacilli Associated with Various Pathological Processes
George F. Dick - - - - - - - - - - 191–198

Fusiform Bacilli. Isolation and Cultivation
Charles Krumwiede, Jr., and Josephine Pratt - - - - 199–201

Two Methods for Obtaining a Virus of Rabies, Freed from the Cells of the Host and from Contaminating Organisms, and the Application of These Methods to Other Filterable Viruses or Glycerin-Extracts
D. W. Poor and Edna Steinhardt - - - - - - 202–205

Studies on the Virus of Hog Cholera
Walter E. King, F. W. Baeslack, and George L. Hoffmann - - 206–235

Tuberculosis of the Stomach with Extensive Tuberculous Lymphangitis
Kaethe W. Dewey - - - - - - - - - - 236–248

The Behavior of the Tubercle Bacillus toward Fat-Dyes. Studies on the Biochemistry and Chemotherapy of Tuberculosis. V.
Hope Sherman - - - - - - - - - - - 249–273

Intra-vitam Staining of Tuberculous Guinea-Pigs with Fat-soluble Dyes (Supplementary Note). Studies on the Biochemistry and Chemotherapy of Tuberculosis. VI
Harry J. Corper - - - - - - - - - - 274–275

NO. 3, MAY 1913.

Notes on the Etiology of Relapse in Malarial Infections (*with Plate* I)
W. M. James - - - - - - - - - - - 277–325

The Inhibitive Action of Bile Upon *B. coli*
Edwin O. Jordan - - - - - - - - - - 326–334

The Use of Virulent Salt Solution as a Virus in Manufacturing Hog-Cholera Serum
W. S. Robbins - - - - - - - - - - - 335–340

Is the Specificity of the Anaphylaxis Reaction Dependent on the Chemical Constitution of the Proteins or on Their Biological Relations? The Biological Reactions of the Vegetable Proteins. II
H. Gideon Wells and Thomas B. Osborne - - - - - - 341–358

A Note on the Maintenance of Virulence by *Bacillus abortus*, Bang
Frank M. Surface - - - - - - - - - - - 359–363

Experimental Streptococcal Arthritis in Rabbits. A Second Study Dealing with Streptococci from the Milk Epidemic of Sore Throat in Chicago, 1911–12
Leila Jackson - - - - - - - - - - - - - 364–385

Interrelations in the Streptococcus Group with Special Reference to Anaphylactic Reactions
David John Davis - - - - - - - - - - - 386–397

Some Experiments Bearing Upon Droplet Infection in Diphtheria
Oscar Teague - - - - - - - - - - - - - 398–414

Epidemiologic Diagnosis and Management of Typhoid Fever
C. J. Hunt - - - - - - - - - - - - - - 415–431

A Systematic Study of the Coccaceae in the Collection of the Museum of Natural History
I. J. Kligler - - - - - - - - - - - - - 432–452

The Morphology of Sporothrix Schenckii in Tissues and in Artificial Media
David John Davis - - - - - - - - - - - 453–458

The Meiostagmin and Epiphanin Reactions in the Diagnosis of Carcinoma
W. H. Burmeister - - - - - - - - - - - 459–471

The Properties and Agglutinations of Some Non-Pathogenic Vibrios
C. V. Craster - - - - - - - - - - - - - 472–480

Study of an Outbreak of Septic Sore Throat Occurring in Concord (N.H.), January, 1912
T. A. Mann - - - - - - - - - - - - - - 481–497
